<a href="#">B-18-284</a>	S R MUSEUM & LIBRARY	Strip and re-roof	4/4/2018	31-64A	33	MARRETT RD	Other	<p>Install temporary safety. Load roof with all materials and equipment. Remove existing roofing materials to expose the structural concrete deck. Inspect the deck and prepare to accept new materials. Apply water-based primer to concrete deck. Install continuous self-adhered 50mil composite vapor retarder to primed surface. Adhere (2) layers of 2.6" polyisocyanurate insulation with staggered joints to the newly installed vapor retarder for a total insulation system thickness of 5.2". Adhere .090 EPDM roofing membrane over the newly installed insulation layers, covering the entire roof surface. Adhere EPDM flashing membrane to all base flashing locations. Terminate all base flashings with a termination bar anchored to the masonry wall at 12" o.c. Fabricate and install new slip metal counter flashing constructed of 20oz. copper. The original copper will remain. Flash all existing roof drains, curbs, vent pipes, heat stacks and any active roof penetration with a manufacturer approved detail. Install up to 200 lineal feet of walkway protection mat at any area determined by building owner. Apply liquid applied flashing at each existing roof drain. Clean up and remove all related debris from the job site and dispose of properly. Remove all temporary safety equipment, roofing equipment and excess materials from the roof.</p>

B-18-880	MCGAW BRIDGER E &	Exterior Alterations	8/14/2018	63-39	89	MERIAM ST	Single Family	Dear Town of Lexington, We are continuing our efforts to improve our home by adding a portico to our Colonial house. This portico will allow us to divert the rain and snow off our front steps and into the flower beds. It will allow us to enhance the energy efficiency of the home through better insulation and safety with better covered entry. We are excited about similar designs in the area and have made an effort to align our choices to similar ones. Thank you! Sincerely, Bridger and Macy

B-18-994	Chorlette O'Neill	Interior Alterations	8/28/2018	63-113A1	22	MUSTER CT	Single Family	HOMEOWNER PULLING PERMIT; remove existing basement finishes in a 15 x 30 area of basement and replace with metal studs and new blueboard and plaster and add recessed lighting. we will be installing mechanical ventilation which is an air -to air- heat exchanger to meet the requirements of the entire finished basement floor area.
B-18-973	HAVAN NIJDEH &	Exterior Alterations	8/29/2018	34-3	555	MARRETT RD	Single Family	Replacing temporary overhang roof with complete gable roof coverage to extend the entire landing of flagstoned entrance. The roof will be supported by two new columns with center ridge slope facing my street frontage. Currently, I enter from the side of platform with brick steps. I will add two front steps to face the frontage. I think I will keep the side steps as is for now. Both steps new and existing are Shown on my sketch up model. The roof overhang will be hollow, painted and showing the exposed framing. I will not remodel or alter existing roof on the main house. This roof will be cosmetically made to appear as if the gable portion is part of main home. I will not be altering the header of existing door. Keeping that as is.
