May 10, 2021

Dear Neighbor,

You are receiving this as an abutter to the Rindge Park. The Town of Arlington will be mobilizing a capital project for the Arlington Reservoir in the coming weeks. The full project details can be found here: LexingtonMA.gov/ArlingtonRes

Improvements to the site will benefit both Arlington and Lexington neighborhoods and upon completion will be a much improved asset to both communities. There is a section that the upgrades are best served by accessing the property through Rindge Park.

The Town of Arlington and Town of Lexington have agreed that limited access to the Reservoir through Rindge Park will be available during May and June, weather permitting. An access point in the existing chain link fence double gate will be available for construction vehicles with a temporary access road to the Reservoir. Work hours will be between 7am – 5pm, Monday – Friday with deliveries limited during the hours of 7:30am and noon. During these hours the basketball courts, playground and open space will remain open for use.

Please contact me at 781-698-4800 or via email at mbattite@lexingtonma.gov with any questions.

Thank you for your continued support.

Sincerely,

Melissa Battite, CPRP
Director
