

Town of Lexington Annual Town Meeting 2021

Article 14: Appropriate for Wastewater System Improvements

This article requests \$3,020,000 for projects to support the Town's sanitary sewer infrastructure. Of that amount, \$1,020,000 will be used to rehabilitate the sanitary sewer infrastructure throughout town and \$2,000,000 will be used for sewer pump station upgrades.

The Town's sanitary Sewer infrastructure upgrades may include, but are not limited to, combinations of slip-lining, cured-in-place relining, spot repairs and replacement of existing lines, as well as cleaning and investigation of sewer lines.

The designs of the Hayden Ave and the North Street pump stations are complete and permitted. Hayden Ave has been awarded for construction. North Street is pending funding approval.

The Select Board unanimously supports passage of Article 14.
