

Digital Map Instructions

This map shows Lexington. The purple and tan/beige colors show eligible properties within a half mile of existing and proposed MBTA bus routes. Town land, state land, wetlands, wetland buffer areas, Conservation restricted land, school properties, historic district properties, and protected farm land are shaded out or shown in green.

The locations eligible for consideration according to the state's guidelines will be clickable.

You can click on the Layers List in the right corner. Click to turn on certain layers. Map Layers 1 – 11 show where people at the October 25 workshop put the stickers showing potential areas for housing.

Add Comments. You can add your own comments to the map by clicking the Town symbol in the left corner under the search bar. Then click the map and write your comments. Your comments will become public.
